4X e LIFE CARTRIDGE TECHNOLOGY

Quick Start Guide

This quick start guide covers the installation and basic program features of 4X UltraSaver™. For more detailed information, please read the 4X UltraSaver™ help files. **IF YOU ARE A REPEAT USER, PLEASE SKIP INSTALLATION INSTRUCTIONS. THERE IS NO NEED TO REINSTALL 4X ULTRASAVER. SIMPLY ENTER NEW VALIDATION CODE(S) TO CONTINUE PRINT SAVINGS.**
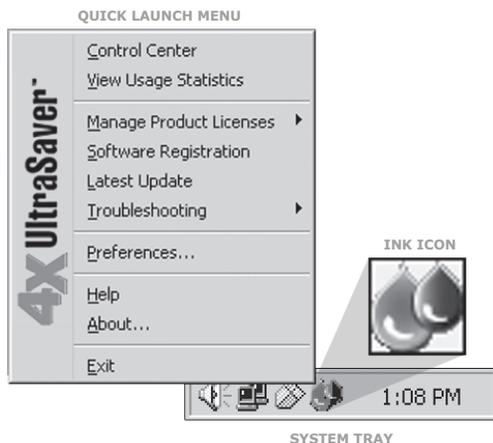

It is strongly recommended that you register 4x UltraSaver after installation so that you can check for program updates. You can now get started by right clicking the ink icon that appears in the system tray or by choosing: Start > All Programs > 4X UltraSaver™ > 4X UltraSaver™.

4X UltraSaver™ has the following system requirements:

• Microsoft® Windows Vista/XP/2000/NT 4.0/ME/98 SE
• Minimum of 64MB of available hard-drive space/Minimum of 256MB of RAM
• Minimum screen resolution of 800 x 600
• One or more Windows compatible printers installed

4X UltraSaver™ Quick Launch

The 4X UltraSaver™ ink icon that appears by default in the system tray allows you to quickly access features by right clicking the icon and selecting one of several options from the context menu that appears.
